

BURLEY

KITCHENS & CABINETS[™]

Burley Kitchens and Cabinetry are a locally owned Hawkes Bay company renowned for their innovative designs, top quality workmanship, bespoke kitchens and furniture.

Burley Kitchens and Cabinetry have a highly skilled team who all carry our values of Quality, Integrity and Transparency. We operate a full in-house service with a focus on customer service, quality and attention to detail.

Owner Craig's expertise and experience in designing and manufacturing kitchens and cabinetry is the driving force behind a strong customer service focus and quality control. Because Burley Kitchens and Cabinetry offer a one stop shop, in-house design, manufacture and install service we can make sure our customers receive the highest quality kitchens and cabinetry, along with a smooth hassle-free process.

We are looking for a qualified and highly competent joiner/cabinet maker with an enthusiastic and positive attitude, and a high attention to detail to join our progressive team.

This role has potential for leadership opportunities for the appropriate applicant.

This role would include:

General joinery and cabinet making tasks and includes the layout of materials, machining, assembly and installation.

Skills and Attributes required:

- Qualified joiner
- Machinery and installation skills
- Ability to read plans and drawings, create cut lists, manufacturing and install kitchens to a high standard.
- Attention to detail and ability to produce quality work within deadlines.
- Team player, and must be able to contribute as part of the group.
- A positive attitude, a desire to learn, and the ability to work proficiently.
- Displays consistent drive and determination throughout the job.
- Full New Zealand Drivers licence.
- Legally able to work in New Zealand.

We offer

- Excellent remuneration package
- An innovative workplace with modern technology
- Great working conditions as part of our small team
- Opportunity to gain hands-on experience working with solid timber while learning and developing valuable skills.
- Potential for leadership opportunities
